

2012

International Sports Tournament  
The Hague

## Rules of conduct during the event

For the event to go smoothly we have to stick to a few simple rules.

- We are always on time for the various activities.
- We stick to the rules of the game and we fully accept the decisions made by the referees.
- We drink no alcohol or use any other drugs, during the event.
- We always show Fair Play, during and after sports, on and outside the field.
- We respect and have an eye for social and cultural differences between the various contestants.
- We behave according to the rules that apply in our host-family.

When in doubt about rules: always use your common (and sportsmanlike) sense!  
If you really don't know: ask your attendant.
